Preface

We gratefully acknowledge the efforts of Cindy Nelson and RaNae Vaughn in the transcription of this *School Fund Accounts Book* for Old Tishomingo County, Mississippi. The original book is dated 1856-1858 on the spine; however, school fund accounts for 1859 are also included in the original document.

Every effort has been made to transcribe each and every entry in this publication the same way as it was created originally. Our ancestors, in the timeframe of this documentation, would in some cases have had a different spelling, the person who documented the information may not have known the correct spelling, and no matter how hard we try to avoid it, there are always differences in interpretation. Poor handwriting is sometimes a factor in an erroneous transcription, and typographical errors are easily made. It is our hope that you will consider this documentation a valuable tool in your research. While every effort was made to present the material in its original content, the Tishomingo County Historical & Genealogical Society (TCHGS) accepts no responsibility for misspelled names, misplaced dates, subjects which were left out, or other human errors.

The names of the children taught as beneficiaries are listed in the original book. Also included are the number of days each pupil attended school, the rate of pay per day, and the total amount paid for each pupil. These rates varied from five cents to thirteen cents per day. It is interesting to note that not all pupils in the same school were allowed the same rate.

Additional copies may be purchased at the Tishomingo County Archives & History Museum at 203 East Quitman Street, P.O. Box 273, Iuka, Mississippi 38852. For more information on this or other ongoing projects, please visit our Web site at:
