PHONE SERVICE EXTENDED TO OUTLYING COMMUNITIES

Telephone service for the families of Eastport and Rocky Springs Community became a reality this week when the recently constructed telephone lines were placed in service.

Eight families in the Rocky Springs Community and fifteen at Eastport are connected by these lines to the Iuka Exchange.

These lines were installed as part of Southern Bell Telephone Company's activities to improve and expand rural telephone service on a wide basis.

W. G. Hardin, Manager of Southern Bell, said that some eight miles of telephone cable and wire was installed at an approximate cost of \$5,000.

The new lines were built on poles of the Tishomingo County Electric Power Association for the major portion of the lines with Southern Bell adding poles where needed.

These new telephones bring the total telephones connected to the Iuka Exchange to 900 as compared to about 500 five years ago.

Mr. Hardin said that these figures indicated the continuing program of Southern Bell to keep up with the demand for telephone service in the Iuka Area.

VIDETTE VARIETIES by Gene Holtsford

- Twenty-three more families now have telephone service out of the Iuka exchange. Southern Bell Telephone Company announces in this issue of your paper that cables have been extended to the Eastport and Rocky Springs communities at a cost of approximately \$5,000.... We're certain the residents of these communities are happy over gaining this service..... The quickest way to another person's ear is by telephone; likewise the quickest way to get a doctor or to report trouble is by telephone.
- Iuka & Tishomingo County will be the scene of a giant congregation of foresters on June 6 when the Kentucky-Tennessee Section of the Society of American Foresters will make a tour of the county, stopping in Iuka at noon for a luncheon.... This occasion will afford Iuka a wonderful opportunity to impress some very important people. Not only will the guests be from Kentucky and Tennessee, but many important speakers on the programs will be from large companies that are processors of wood products and manufacturers of woodworking equipment.... Since Tishomingo County is so largely dependent upon its forest for income, we think it fortunate that the Town and County have this opportunity to entertain these people whose business is wood.....
- Commercial Fishermen of the area are advised of a notice in this issue of *The Vidette* that calls attention to license numbers and equipment being properly marked with those numbers. Might save some trouble and expense to look the notice over and abide by it accordingly.
- We're highly elated over the vast numbers of our friends, subscribers and patrons who have visited us in our new quarters alongside the city hall. If you haven't been in to see us we invite you again to come by the latchstring is always out.
- Iuka High School is highly commended by the State Accrediting Commission in a letter received recently by Supt. H. L. Shook. The commendation is for the high number of students who are attending colleges following graduation from the school.
- Believe it or not: Tishomingo county had a rainfall of 7.23 inches during April. In the past week, 3.50 inches was recorded at Woodall tower by Clifton Rhodes.... Spring is springing very slowly because of the rain-and farmers are beginning to hurt.
- A good time for this to happen: A farmer had just received a check for \$1,000 from the Department of Agriculture for not raising hogs and this gave the farmer's

neighbor an idea. He too decided to go into this "not raising hogs" business and in order to get more information, he wrote a letter to the Department of Agriculture. This is an excerpt from his letter: "Two things I want to know. What is the best kind of farm not to raise hogs on? What is the best kind of hog not to raise? I'd rather not raise razorbacks, but if this is not a good kind not to raise, then I will raise Poland Chinas or Berkshires. How do I keep track of how many hogs I'm not going to raise. My neighbor got \$1,000 for "not raising hogs. If I can get \$1,000 for not raising 50 hogs, then I will get \$2,000 for not raising 100 hogs. I will not raise 4,000 hogs to start with, which means I have \$80,000 to start with. He tells me you also pay farmers for not raising corn. These hogs I'll not raise will not eat 100,000 bushels of corn not to feed hogs I'm not raising? If you don't have to have a farm not to raise these hogs and corn on, put me down for 4,000 hogs and 100,000 bushels of corn and send check..... Please answer soon, as business is very slow and this would be a good time of year for not raising hogs and corn."

- A friendly tip to teen-ager drivers: Forget the gal and hug the road.

HOWARD MCKEES LOSE EVERYTHING IN FIRE

A home belonging to Mr. and Mrs. Howard McKee in the Friendship community, 3 miles northeast of Paden, burned on Thursday night about 7:30 destroying the house and all of its contents. The McKees were away from home at the time of the fire.

It is believed that lightening set the house afire during a thunderstorm.

The McKees have two sons, aged 8 and 12 and anything that you might have for the family would be greatly appreciated. J. E. Fowler, a neighbor asked that anyone who has anything that might be of value to this family please bring it to his home or write him at Tishomingo, Route 1, and he will pick up the items.

\$1340 NEEDED TO START CONSTRUCTION ON COMMUNITY YC

Dr. Louie Coker, executive chairman of the Community Youth Center Committee, states that \$1340.00 is needed before construction can be started on the building. "We are aiming at \$12,000.00 before we let the contract," he said.

W. E. Ludlam, chairman of the finance committee, states that a meeting on Tuesday night brought forth many suggestions for ways of raising the necessary funds. The meeting was held with a group of teenagers from the Iuka School and it was their suggestion that a variety show be presented in the school auditorium at an early date. Committees were named to promote and carry out this idea.

"We urge all those who wish to make a contribution to this worthy cause to please do so at once." Mr. Ludlam said. Anyone who desires to make a contribution is asked to give it either to Mr. Ludlam or to Mr. Odom, or leave it at the bank. "We need your contribution and your assistance," Mr. Ludlam and Dr. Coker jointed stated, "because the Community Youth Center will definitely be built."

The Twentieth Century Club started the movement several months ago by voting \$8000 of the club's funds for the center. A complete list of all contributors will be published at a later date.

“No Man is Hurt But by Himself”, (Author’s Name Below)

With just a little help your body can make all the years of your life more enjoyable. All it asks from you is not abuse it and when you overwork it, or sickness attacks it, get competent assistance to restore it to normal.

When you continuously feel tired, recurring pains or headaches trouble you and normal sleep becomes difficult, your body is asking for help. Do not hurt yourself by delaying immediate aid or depending only on home remedies. Instead, visit your physician quickly and let him prescribe the one particular treatment that will help you most.

Your Physician Can Phone 2761, Iuka, When you need a medicine.

A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?
