EDITORIAL

Tishomingo Can Be Proud

Tishomingo County can justifiably display pride in the recent election. Roy C. Adams, one of the county's finest young men successfully sought the office of Highway Commissioner from the northern district. Most all the virtues one desires in young manhood is exemplified in the character of Roy C. Adams, and generally, there is hope that he will grow and prove to be a real contributor to state politics, brining increased honor to Tishomingo County and to Iuka.

In the State Senate next year, J. O. (Click) Clark will represent the three counties comprising this district, and his friends and fellow citizens can expect to take pride in another of our fine young men. Click has intellect, a winsome personality, and ability. He will be expected to bring honor and credit to this county, and to Iuka.

In the state legislature, Lowell E. Grisham, the county's youngest candidate, who celebrated his 22nd birthday the day following the 2nd primary, when he was elected to that office, will follow a good man. Lowell is clean, fine, upright and we predict that he will quickly allay the fears of those who feel his age might be against his work among older heads down at Jackson.

In the county set-up, W. T. Dexter enters the tax assessor's office in January and all who know him, recognize his fine qualities, and feel certain that he will fill that office in an acceptable manner.

Here are four fine young men entering an important phase of their lives, and an important phase of our government. The Vidette congratulates each of them, expresses confidence in each of them, and promises loyal support to them in their various work. From them, we confidently expect good works, honest participation n their fields, and loyalty to the folks at home who displayed sincere belief in them. Congratulations to the successful candidates and congratulations to Tishomingo County.

CARD OF THANKS

We wish to acknowledge with deepest gratitude all kindness and sympathy shown us at the death of our loved one, H. Ray Nash. Also for the many beautiful flowers.

Patrolman Yarbrough, Driver's License Examiner for the Mississippi Highway Patrol stated today that the law requires any person above the age of 15 years to pass the examination on the traffic rules and obtain a Learner's Permit before they attempt to learn to drive.

This is in order that they may learn the State's requirements in the correct way. Too many drivers who do not have these permits are being caught and having to pay fines.

ROGERS' NEW HOME

Today as Rogers celebrates their 53rd anniversary behind barricades and amid the sound of sawing, hammering and drilling, trading goes on as usual. Congratulations and best wishes, occasioned by the marking of another milestone in Rogers' more than a half century of

successful mercantile service to the Tennessee Valley are all but drowned out by the clatter and din of busy workmen shaping the Greater Rogers.

September 4th 1894 marked the beginning of Rogers Department Store. It was then called The Surprise Store and their advertisements featured "Everything marked in plain figures and only one price to all alike."

Fifty-three years have passed since Major B. A. Rogers and his two sons, T. M. and B. A., Jr., opened their little "plain and fancy" goods store on the corner of Court and Mobile streets. Under their direction the institution grew in service to the point where it is today recognized commercially throughout the country as a landmark of integrity because of uncompromising allegiance to the honest merchandising policies of its founders.

The commercial messages of this store today rank with the finest, and it has been the recipient of many awards for excellence in newspaper advertising and window display. Its advertising is carried regularly in two dailies and sixteen weeklies throughout this section of the Tennessee Valley.

A year ago today, this newspaper carried the announcement of Rogers' extraordinary expansion program under the heading of "A Greater Rogers is Building." With work now going forward on schedule, T. M. Rogers, Jr., state that the project will be completed in the spring of 1948.

The lines of the old brick building which was erected in 1910 are being modified to meet the present trend of business architecture. Hundreds of tons of heavy steel are being used to reinforce its walls, flooring, and ceiling throughout. Another floor and balcony is being added which will, with the new unit, provide approximately 65 percent more space than the present quarters. When this new home of Rogers is formally opened next spring, one of the most important retail developments in the history of Muscle Shoals will be dedicated to serving the people of the district. The handsome building of gleaming white stone is modified Greek classic lines will be a distinct asset to downtown Florence and a credit to the Tennessee Valley and state of Alabama.

It will embody three enlarged floors, two mezzanines and a basement, totaling more than 60,000 square feet of floor space. Smartly decorated and furnished with custom-made fixtures, Rogers new store will introduce to this section every modern devise and arrangement for proper and convenient merchandising.

The air-conditioning system combined with the heating system will be of the very latest type. Winter or summer and the seasons that intervene will mean nothing to the customers inside because an even temperature will be maintained throughout the year.

The lighting system, another extraordinary feature planned for Rogers' new home, will be installed under the supervision of experts in the field of modern lighting engineering. Nowhere in the new store will customers be subjected to eyestrain while shopping.

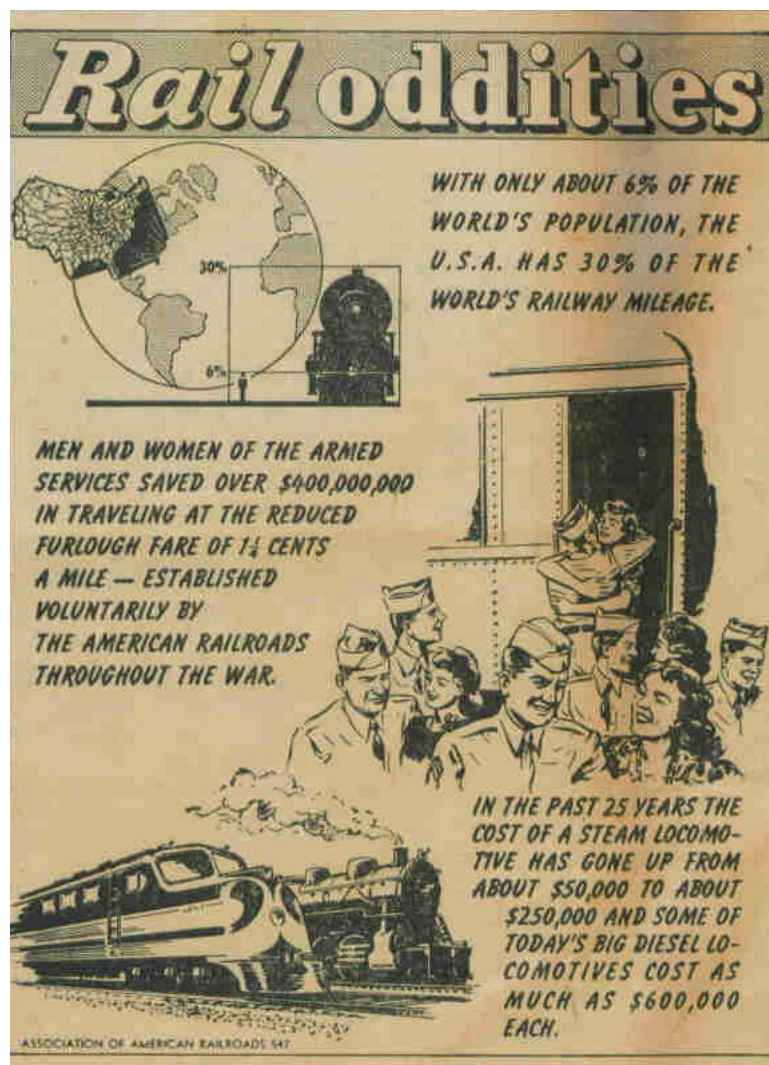

It is thus assured that the Greater Rogers now under construction will bring to Florence and the Muscle Shoals District a department store rivaling the best and finest in America, the ultimate in 20th century store keeping.

RAIL ODDITIES

With only about 6 percent of the world's population, the U.S.A. has 30 percent of the world's railway mileage.

Men and women of the Armed services saved over \$400,000,000 in traveling at the reduced furlough fare of 1 ¼ cents a mile—established voluntarily by the American railroads throughout the war.

In the past 25 years, the cost of a steam locomotive has gone up from about \$50,000 to about \$250,000 and some of today's big diesel locomotives cost as much as \$600,000 each.

SUCCESSFUL SEASON CLOSES FOR RED CROSS WATER PROGRAM

Last week ended the water safety program sponsored by National Red Cross and conducted at Pickwick Lake for the summer months, but there is much interest in the continuance of this program according to Mrs. Leslie Moser, Tishomingo County executive secretary of Red Cross.

Those participating in water sports and those spending the afternoons on the beach have increased in numbers this summer over any previous summer, and the number of young children who have learned to swim under the direction of the program is very gratifying.

Going to Red Cross Aquatic School at Ripley, Ga., Raymond R. Hamilton, Jr., successfully passed his requirements and gave lifeguard duty and swimming instructions, as well as other water safety instructions, on Thursday and Sunday afternoons. Under the direction of Mr. Leslie Moser, a float was built with a diving board, which has contributed to the pleasure and safety of swimmers at Eastport.

Plans are now being formulated for a bigger program next summer when the Red Cross water safety program will be continued for Tishomingo County.

HOSPITAL PLANS NOW BEING LAID

Association of Commerce to Invite Wide Participation

Members of the Association of Commerce laid plans for definite work on the plan to secure a Federal, State, and County financed hospital at their Tuesday night meeting. This is in accordance with the state-wide plan to build hospitals in isolated sections, and to give hospital service to every citizen of the state, with financial aid to counties where such a project could not be locally maintained.

The U.S. Government finances one-third of the cost, the State of Mississippi one-third, and local financing one-third. A 43-bed plant is what is estimated as being necessary here, by a State survey, but present plans call for a 30-bed unit to begin with, and the possibility of enlarging if necessary. The number of hospital cases now going out of Tishomingo County shows the grave need of this program and the survey of the State shows that this is one of the vital sections for the early establishment of a hospital.

A \$50,000.00 bond issue is planned for the county to raise the local one-third of the total cost. A committee to work with Dr. Wyatt, county health doctor, is being named from all the civic clubs and names of that committee will be announced next week.

An analysis of the needs of members of the family is the first step toward good housekeeping and to a well-managed home.

Joe and Billy Sims, of Holcut 4-H Club, have six mature cows, of which three are registered. These boys sell whole milk on a milk route and receive more than \$100.00 per month in cash. They have a fairly good summer pasture, and plan to have 10 acres of oats and vetch for winter pasture. Very little feed is bought as they have plenty of soybeans and lespedeza hay.

Bobby Wimbish, 4-H Club member, has three registered Jerseys giving milk. He sells cream, feeds skim milk to hogs, chickens, and three calves. His cream check amounts to \$50.00 to \$60.00 per month. MRS. KING THANKS RETONGA FOR STRENGTH

I Don't See How I Could Have Lasted Much Longer," States Grateful Resident. Is Proud of Her "Comeback."

From far and near come grateful praises for Retonga from happy men and women who have found relief through this famous medicine. For instance, Mrs. Jo Hammett King, well-known resident of 501 Pine St., Lexington, Miss., declares:

"Food disagreed with me so badly and caused so much gas in my stomach that I often felt like my breath would be cut off. I ate so little that my husband used to wonder how I stayed alive. I had to take strong laxatives every few days; yet I seemed to stay full of toxic poison and my arms, shoulders, and neck were often so full of pain I could hardly stand it. I could get very little sleep, my weight was far below normal, and I felt so weakened that I could not even sweep a floor."

"The relief Retonga gave me is astonishing. I eat heartily and I have regained 10 pounds. The sluggish elimination, pains and high strung feeling are relieved and I have plenty strength to care for my family. I am so proud of my wonderful comeback I wish I could tell everyone about Retonga."

Retonga is intended to relieve distress due to insufficient flow of gastric juices in the stomach, loss of appetite, Vitamin B.1 deficiency and constipation. Accept no substitute. Retonga may be obtained at **Jourdan Drug Store in Iuka.**

To those who did not see fit to support me, I hold no ill will against them and earnestly request full cooperation from everybody.

TO THE PEOPLE OF TISHOMINGO COUNTY

I do sincerely thank you for all you have done for me. For every kindness, courtesy and your vote.

I believe I have done my best in the service rendered you during my administration as Circuit Clerk and my policies have always been clean.

To you with whom I have worked, I thank you for every assistance rendered me, the association has been pleasant and you contributed much to my happiness. You are very dear to my heart and I shall never forget you along with many, many other faithful friends.

It makes me very sad to know that I must leave Iuka. The people here have taken me into their hearts and loved me and this has been mutual. Where ever I get employment and am located, I shall always cherish my stay with you.

Again I think you for everything. Sincerely, your friend, Verna E. Wood

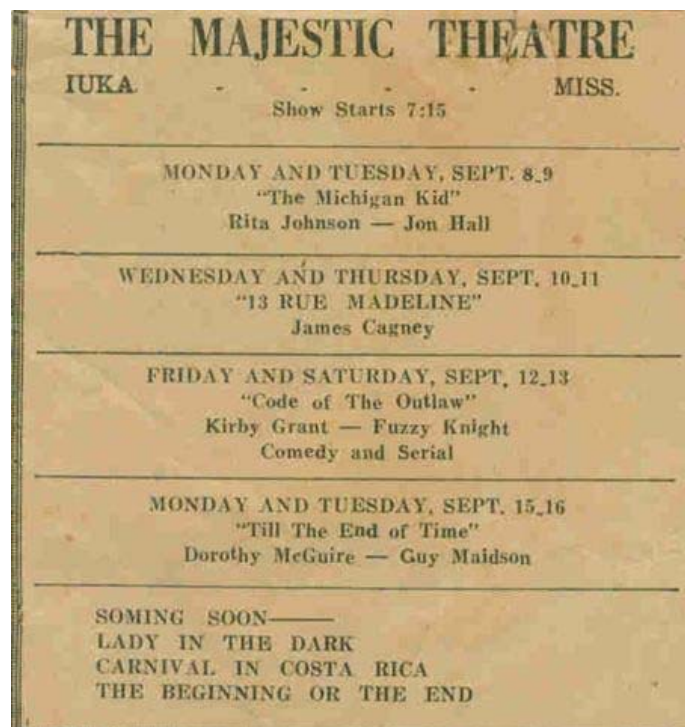

THANKS

I thank you good people from the depth of my heart for the splendid vote you gave me on August 5th, which assured my election as Sheriff and Tax Collector.

I will show you my appreciation by making you an honest, upright and efficient Sheriff. I sincerely ask the cooperation of the good people from the start.

Again thanking you for your cooperation and with kindest regards to all, I am,

Your friend,
C. L. Pace, Jr.
